## **King's Schools Wins Prestigious WIAA Award for Third Consecutive Year**

Seattle, WA (Friday, June 11, 2010) – The Washington Interscholastic Activities Association is proud to announce the Scholastic Cup champions for 2009-10. The Scholastic Cup is the WIAA's most prestigious annual school award. **The winner for the 1A Classification is King's Schools with a score of 1485.**

The Scholastic Cup championship competition is a year-long program designed by the WIAA and is awarded to the top school in each of the six WIAA classifications. The Scholastic Cup is emblematic of the top interscholastic programs in Washington that display excellence in academics, sportsmanship and athletic performances throughout the school year.

**This is the third year in a row that King's have won the Scholastic Cup.**

*"We could not be more proud of our teachers and our teams, their coaches, advisors, athletes, musicians and dramatists for this great accomplishment",* says Bob Ruhlman, King's High School Principal.

The Scholastic Cup is awarded to the schools that compile the highest Scholastic Cup points based on their participation and finish at the WIAA/Dairy Farmers of Washington/Les Schwab Tires State Championships. The top eight schools in each of the WIAA Academic State Championship categories and classifications also receive Scholastic Cup points.

In an ongoing effort to promote sportsmanship, the Association incorporates a sportsmanship component into the Scholastic Cup award. Schools receive Scholastic Cup points for displaying outstanding sportsmanship throughout the school year. Schools with no more than one student or coach ejection in all varsity sports for the school year receive 25 Scholastic Cup points. Schools lose points on a progressive basis for the second, third and fourth varsity player or coach ejection throughout the year. Schools with five or more ejections are disqualified from the Scholastic Cup competition.

King's Schools is part of the CRISTA Family.
